## Change of Ownership Sale

It is a pleasure to announce that we have recently purchased Smith's Gardens, Lewiston, Idaho. The transaction involved all the equipment, land, nursery stock and greenhouses formerly owned by Smith's.

Present plans call for relocation of field stock. We have three acres of Iris and 270 varieties as listed. Space does not permit transplanting all of the stock available and we have decided to pass it along to you at most reasonable prices.

Quantities are limited in some varieties and we suggest you get your order in now so as not to be disappointed. Orders will be filled in rotation and as soon as possible. Cash with order. Please include sufficient postage, otherwise shipments will be sent Express collect.
